

SHARP®

XE-A101

Electronic Cash Register

Affordable ECR for
small retail and
specialty stores.

- Large highly visible operator display
- Automatic GST registration and reporting
- 8 Departments standard
- 50 PLUs standard
- On-Screen (Flash) reporting of sales totals
- 4 tax rates
- Auto rounding of cash sale total
- Escape key and Void mode for easy error correction
- Battery back-up for memory protection
- Compact cabinet and space saving cash drawer.

The XE-A101 provides functions for immediate monitoring of sales data, tax calculations and efficient operation, allowing tracing of sales while keeping checkout queues moving.

Sharp XE-A101

Electronic Cash Register

Large Highly Visible Operator Display

The large 9 digit LED display clearly shows price, total, change and time or date.

Automatic GST Registration and Reporting

The GST function enables instant, accurate tax calculation. A pre-programmed tax rate is recalled for each item, and calculation is automatically performed.

8 Departments

8 Departments are provided for sales categorisation.

50 PLUs

50 PLUs provided for fast and accurate price recall of popular items.

Flash Reporting

By simply switching to flash mode and pressing one key, the store manager can view the day's sales. The Flash report can quickly display sales totals by department or for the whole store, as well as the cash in drawer amount.

Automatic Rounding

Automatic rounding of cash sale total is incorporated, rounding to the nearest five cents.

Escape Key & Void Mode

Designed for easy error correction during busy transaction periods.

Battery Back-up for Memory Protection

The data in the XE-A101 can be preserved, even in the event of a power failure [when equipped with three optional sum-3 (AA, R6) batteries*].

*Local Purchase

Compact Cabinet

Modern, stylish design with a space saving cash drawer, ideal for small retail and specialty stores.

Other Features:

- Receipt / Journal On / Off function for paper saving
- Durable, lockable cash drawer
- Received-on-Account / Paid-Out function
- Three Void functions: last item void, past item void, and void sale mode
- Easy handling of combined payments of cash, cheque, and charge
- Non-add code entry (max 8 digits)
- Percent discount / premium
- Time or Date display
- Easy and quick programming
